

THEY ARE

OUR *Mission*

To empower young women and men to make positive decisions about their unplanned pregnancy.

OUR *Vision*

A community where all human life is valued, protected, and nurtured.

EXECUTIVE *Summary*

I am convinced that Fort Worth is the best city in the nation. Having lived most of my life in Tarrant County, Fort Worth is my hometown and, to me, the most incredible community in the world.

However, Fort Worth women and their unborn babies are at risk. While we celebrate the overturn of Roe v Wade and the bold stand for life the state of Texas has taken, the truth is that abortion IS happening in Texas, even right here in Fort Worth, in homes, in our neighborhoods and on our streets.

In this report, we want to show you how pro-abortion groups are targeting women in Fort Worth and how your Fort Worth Pregnancy Center is responding to protect the unborn.

We believe every effort is **worth it** for your Fort Worth Pregnancy Center to continue our mission of reaching women and men with the hope of the gospel and the light of Life.

Every pregnant mother reached is **worth it**.

Every family transformed is **worth it**.

Every precious life saved is **worth it**.

As you read more inside, I ask you to celebrate with us what God did in 2024. Your generosity, prayer, service, partnership and support empowered this life-saving work. Let's continue pressing ahead arm-in-arm to reach the people in our city for life.

They Are Worth It!

TWO CHURCHES, TWO LIVES TRANSFORMED

BEATRIZ

While Beatriz was meeting with her advocate, her partner was in the lobby booking her an abortion appointment in Kansas. She told us that she didn't want to have an abortion, but with her financial challenges and lack of support, she felt she had no choice.

When she saw her baby on the sonogram, Beatriz told us that she wanted to have her baby, but she needed a lot of help. **We connected Beatriz with a small, local church and they became God's answer for her situation.** There, Beatriz found community, heard the Gospel, got baptized and encountered the love of a Savior who has provided for her every need.

VICTORIA

Victoria was also facing a lack of resources and support for her pregnancy. The father of the baby was pressuring her to abort. Unlike Beatriz, Victoria was overcome by fear and had an abortion. Afterward, she was emotionally devastated. **Like Beatriz, the local church became the hands and feet of Jesus in her life.** There, Victoria encountered community, compassion and the healing and forgiveness of the Lord.

PRAYER WARRIORS

The real-time support from faithful prayer warriors makes all the difference in the lives of women and men facing urgent pregnancy decisions. Prayer partners stand in the gap and intercede on behalf of the unborn.

- 32** Prayer Partner emails were sent with an average of **1375** people opening to read each one.
- 119** unique individuals were prayed for
- 22** "praise reports" with known answer to prayers were included

Praise Report

Last month, you prayed for **Amanda**, who abruptly ended her appointment with her advocate. She returned for her sonogram a couple weeks ago and God answered your prayers. The compassionate care she received, the sonogram of her baby, and the support of her family all worked together to empower her to choose Life.

Prayer Requests

With an infant at home, **Blanka** and **Jesse** both agree this is not a good time to have another baby. They are also worried about Blanka's health. Blanka believes that abortion is wrong but she can't see past her fears. She will be returning for a sonogram.

Marie just wanted to make sure that she wasn't going to jail for getting an abortion. She believes that becoming a mom again will tender her plans for her life. Please pray for God to intervene in her life and change her heart.
